

New Child Passenger Safety—Booster Seat Law

Implementation of the new booster seat law (Wisconsin Act 106):

The Child Booster Seat Law goes into effect on June 1, 2006.

- To provide education about the new law, written warnings will be issued instead of citations for first violations during a grace period from June 1 until December 31, 2006.
 - Warnings issued during the grace period must be sent to the WisDOT.
 - Second and subsequent violations of the law before January 1, 2007, (during the grace period) are grounds for a citation.
- On January 1, 2007, law enforcement officers will begin issuing citations for violations

How to comply with the law (diagram on reverse side):

Generally, children must be properly restrained in a child safety seat until they reach age 4 (*previous requirement*), and in a booster seat until age 8 (*new requirement*). The new law includes the following four-step progression for effective child safety protection in vehicles.

1. **Rear-facing child safety seat in the back seat* is required when the child:**
 - Is less than 1-year-old or
 - Weighs less than 20 pounds.
2. **Forward-facing child safety seat in the back seat* is required when the child:**
 - Is at least 1-year-old but less than 4-years-old
 - Weighs at least 20 pounds but less than 40 pounds.
3. **Booster seat is required when the child:**
 - Is at least 4-years-old but less than 8-years-old
 - Weighs at least 40 pounds but less than 80 pounds
 - Is not 57-inches (4-feet, 9-inches) or taller.
4. **Safety belt is required when the child:**
 - Is 8-years-old or older or
 - Weighs 80 or more pounds or
 - Is 57-inches or taller

*Child safety seat must be in the back seat if the vehicle is equipped with a back seat

Exemptions:

- Children whose body-size, physical condition or medical condition makes safety restraints unreasonable are still exempt from the booster seat and safety belt laws.
- There no longer is a “personal needs” exemption allowing the child to be removed from a safety restraint to attend to the child’s personal needs, such as feeding or diapering, while the vehicle is moving.

Changes to mandatory safety belt law:

- Under the new law, drivers may be cited for allowing passengers of any age to be unbelted in their vehicle (*The new law removes a previous provision in the mandatory safety belt law that did not make the driver responsible for unbelted passengers age 16 or older*)
