

Fill out a **FREE** ASQ[®] developmental questionnaire online!

Every child develops at their own pace, but if you are ever worried about your child's development, don't wait! Acting early can make a **BIG** difference. Remember, you know your child best.

You can check your child's development anytime, with the trusted screener: **Ages & Stages Questionnaire[®]** available for children 1 month to 7 years.

We encourage you to take the 10–20 minutes to check. **TRY IT TODAY!**

**For the best experience, please take screening on desktop/laptop computer.*
